FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains statements that are not statements of historical fact and are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The forward-looking statements are principally, but not exclusively, contained in “Item 2: Management’s Discussion and Analysis of Financial Condition and Results of Operations.” These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements include, but are not limited to, statements about management’s confidence or expectations, and our plans, objectives, expectations, and intentions that are not historical facts. In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “could,” “would,” “expects,” “plans,” “anticipates,” “believes,” “goals,” “sees,” “estimates,” “projects,” “predicts,” “intends,” “think,” “potential,” “objectives,” “optimistic,” “strategy,” and similar expressions intended to identify forward-looking statements. These statements reflect our current views with respect to future events and are based on assumptions and subject to risks and uncertainties. Given these uncertainties, you should not place undue reliance on these forward-looking statements. Forward-looking statements include, but are not limited to, statements about:

- the timing and success of preclinical studies and clinical trials conducted by us and our development partners;
- the ability to obtain and maintain regulatory approval of our product candidates, and the labeling for any approved products;
- the scope, progress, expansion, and costs of developing and commercializing our product candidates;
- the size and growth of the potential markets for our product candidates and the ability to serve those markets;
- our expectations regarding our expenses and revenue, the sufficiency of our cash resources and needs for additional financing;
- the rate and degree of market acceptance of any of our product candidates;
- our expectations regarding competition;
- our anticipated growth strategies;
- our ability to attract or retain key personnel;
- our ability to establish and maintain development partnerships;
- our expectations regarding federal, state and foreign regulatory requirements;
- regulatory developments in the U.S. and foreign countries;
- our ability to obtain and maintain intellectual property protection for our product candidates;
- the anticipated trends and challenges in our business and the market in which we operate; and
- the impact of the evolving COVID-19 pandemic and the global response thereto.

We discuss many of these risks in detail under the heading “Item 1A. Risk Factors” beginning on page 23 of our Annual Report on Form 10-K, as filed with the Securities and Exchange Commission, or the SEC, on March 23, 2023, or the Annual Report. You should carefully review all these factors, as well as other risks described in our public filings, and you should be aware that there may be other factors, including factors of which we are not currently aware, that could cause these differences.

Also, these forward-looking statements represent our estimates and assumptions only as of the date of this report. We may not update these forward-looking statements, even though our situation may change in the future, unless we have obligations under the federal securities laws to update and disclose material developments related to previously disclosed information.

Kiora Pharmaceuticals, Inc. is referred to herein as “we,” “our,” “us,” and “the Company.”

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

1. Business, Presentation and Recent Accounting Pronouncements

Overview

Kiora Pharmaceuticals, Inc. ("Kiora" or the "Company") was formed as a Delaware corporation on December 28, 2004. Kiora is a clinical-stage specialty pharmaceutical company developing and commercializing therapies for the treatment of orphan retinal diseases.

Since its inception, Kiora has devoted substantially all its efforts to business planning, research and development, and raising capital.

Unaudited Interim Financial Information

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Pursuant to these rules and regulations, they do not include all information and notes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the Company's consolidated financial condition and results of operations have been included. Operating results for the periods presented are not necessarily indicative of the results that may be expected for the full year. We believe that the disclosures provided herein are adequate to make the information presented not misleading when these unaudited interim condensed consolidated financial statements are read in conjunction with the audited consolidated financial statements and notes previously distributed in the Company's 2022 Annual Report on Form 10-K dated March 23, 2023. The balance sheet as of December 31, 2022 was derived from audited consolidated financial statements of the Company but does not include all the disclosures required by U.S. GAAP.

Reverse Stock Split

On September 23, 2022, the Company filed a Certificate of Amendment to its Restated Certificate of Incorporation (the "Amendment") with the Secretary of State of the State of Delaware to effect a one-for-forty ("1-for-40") reverse stock split of its outstanding common stock. The Amendment was approved by the Company's stockholders at the Company's 2022 Annual Meeting of Stockholders held on September 23, 2022, and by the Company's board of directors. The amendment became effective on September 27, 2022.

The reverse stock split affected all shares of the Company's common stock outstanding immediately prior to the effective time of the Amendment. As a result of the reverse stock split, proportionate adjustments were made to the per share exercise price and/or the number of shares issuable upon the exercise or vesting of all stock options, and restricted stock awards issued by the Company and outstanding immediately prior to the effective time of the Amendment, which resulted in a proportionate decrease in the number of shares of the Company's common stock reserved for issuance upon exercise or vesting of such stock options, and restricted stock awards, and, in the case of stock options, a proportionate increase in the exercise price of all such stock options. In addition, the number of shares reserved for issuance under the Company's equity compensation plans immediately prior to the effective time of the Amendment was reduced proportionately. The reverse stock split did not affect the number of shares or par value of common stock authorized for issuance under the Company's Amended and Restated Certificate of Incorporation, which remained at 50,000,000 shares.

No fractional shares were issued as a result of the reverse stock split. Stockholders of record who would otherwise have been entitled to receive a fractional share received a cash payment in lieu thereof. The reverse stock split affected all stockholders proportionately and did not affect any stockholder's percentage ownership of the Company's common stock (except to the extent that the reverse stock split results in any stockholder owning only a fractional share). As a result of the reverse stock split, the number of the Company's outstanding shares of common stock as of September 27, 2022 decreased from 43,163,123 (pre-split) shares to 1,079,045 (post-split) shares.

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

All share and per share amounts in the accompanying condensed consolidated financial statements, related footnotes, and management's discussion and analysis have been adjusted retroactively to reflect the reverse stock split as if it had occurred at the beginning of the earliest period presented. While the number of warrants outstanding did not change, the underlying shares did and are presented reflecting the split. The Company's common stock began trading on The Nasdaq Capital Market on a split-adjusted basis when the market opened on September 27, 2022.

Going Concern

The accompanying condensed consolidated financial statements have been prepared assuming that Kiora will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. As of June 30, 2023, Kiora had unrestricted Cash and Cash Equivalents of \$8.0 million, and an Accumulated Deficit of \$138.9 million. Kiora has incurred losses and negative cash flows since inception, and future losses are anticipated. Based on the cash on hand as of June 30, 2023, the Company anticipates having sufficient cash to fund planned operations into May 2024, however, the acceleration or reduction of cash outflows by Company management can significantly impact the timing for the need to raise additional capital to complete development of its products. To continue development, Kiora will need to raise additional capital through equity financing, license agreements, and/or grants. Although historically the Company has been successful at raising capital, most recently raising net proceeds of approximately \$5.6 million in a public offering that closed on June 6, 2023, as well as an equity line of credit that provides an additional \$9.6 million (subject to certain limitations), additional capital may not be available on terms favorable to Kiora, if at all. The Company does not know if any future offerings will succeed. Accordingly, no assurances can be given that Company management will succeed in these endeavors. The factors described above have caused management to determine there is substantial doubt about the Company's ability to continue as a going concern. The accompanying condensed consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities or any other adjustments that might be necessary should the Company be unable to continue as a going concern.

Significant Accounting Policies

Refunds for Research and Development

Kiora, through its Kiora Pharmaceuticals GmbH and Kiora Pharmaceuticals Pty Ltd subsidiaries, is entitled to receive certain refundable tax incentives associated with eligible research and development expenses in Austria and Australia, respectively. These refunds are realized in the form of a cash payment in the year following the incurred research and development expenses. The Company records estimates of the refundable payment as a tax receivable and a reduction in expense in the period in which the research and development expenses are incurred.

Related-Party Transactions

For the six months ended June 30, 2023, the Company made payments totaling approximately \$0.1 million for services to a related party vendor, Ora, Inc., who is providing the Company with clinical study services for KIO-301. One of the Company's directors is an executive at Ora, Inc.

Adoption of Accounting Standards

In August 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2020-06, Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40): *Accounting for Convertible Instruments and Contracts in an Entity's Own Equity*. This guidance removes the liability and equity separation models for convertible instruments with a cash conversion feature or beneficial conversion feature. As a result, companies will more likely account for a convertible debt instrument wholly as debt, and for convertible preferred stock wholly as preferred stock (i.e., as a single unit of account). In addition, the guidance simplifies the settlement assessment that issuers perform to determine whether a contract in their own equity qualifies for equity

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

classification. Finally, the guidance requires entities to use the if-converted method to calculate earnings per share for all convertible instruments. ASU 2020-06 is effective for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years. The Company adopted ASU 2020-06 on January 1, 2022. The adoption of ASU 2020-06 did not have a material effect for the Company.

In May 2021, the FASB issued ASU 2021-04, Earnings Per Share (Topic 260), Debt—Modifications and Extinguishments (Subtopic 470-50), Compensation—Stock Compensation (Topic 718), and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40) to clarify an issuer's accounting for certain modifications or exchanges of freestanding equity-classified written call options (for example, warrants) that remain equity classified after modification or exchange. Specifically, the ASU provides a principles-based framework to determine whether an issuer should recognize the modification or exchange as an adjustment to equity or an expense. The guidance is effective for annual reporting periods beginning after December 15, 2021, and interim periods within those fiscal years. The Company adopted ASU 2021-04 on January 1, 2022. The adoption of ASU 2021-04 did not have a material effect for the Company.

In November 2021, the FASB issued ASU 2021-10, which requires business entities to disclose information about certain government assistance they receive. Such disclosure requirements include the nature of the transactions and the related accounting policy used, the line items on the balance sheet and income statement that are affected and the amounts applicable to each financial statement line item and significant terms and conditions of the transactions. ASU 2021-10 was effective for the Company January 1, 2022. The adoption of ASU 2021-10 did not have a material effect for the Company.

2. Balance Sheet Information

Cash, Cash Equivalents and Restricted Cash

A summary of cash and cash equivalents and restricted cash is as follows:

| | June 30, 2023 | December 31, 2022 |
|---|---------------------|---------------------|
| Cash and Cash Equivalents | \$ 7,951,650 | \$ 5,964,556 |
| Restricted Cash, Non-current | 4,150 | 49,260 |
| Total Cash, Cash Equivalents and Restricted Cash | \$ 7,955,800 | \$ 6,013,816 |

Non-current restricted cash consists of deposits with financial institutions for corporate credit cards.

Prepaid Expenses and Other Current Assets

Prepaid expenses and other current assets consist of the following:

| | June 30, 2023 | December 31, 2022 |
|--|-------------------|-------------------|
| Prepaid Insurance | \$ 112,307 | \$ 117,315 |
| Prepaid Research and Development | 86,352 | 128,429 |
| Other | 67,841 | 97,325 |
| Total Prepaid Expenses and Other Current Assets | \$ 266,500 | \$ 343,069 |

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

Accrued Expenses

Accrued expenses consist of the following:

| | June 30, 2023 | December 31, 2022 |
|-------------------------------|---------------------|---------------------|
| Payroll and Benefits | \$ 1,051,087 | \$ 1,312,443 |
| Professional Fees | 93,684 | 282,721 |
| Clinical Trials | 209,653 | 57,020 |
| Other | 44,610 | 183,750 |
| Total Accrued Expenses | \$ 1,399,034 | \$ 1,835,934 |

3. Fair Value Disclosures

Fair value is the price that would be received from the sale of an asset or paid to transfer a liability assuming an orderly transaction to a third party under current market conditions at the measurement date. U.S. GAAP establishes a hierarchical disclosure framework that prioritizes and ranks the level of observability of inputs used in measuring fair value. In connection with historical acquisitions, additional consideration may be paid related to the achievement of certain milestones and such contingent consideration is required by U.S. GAAP to be presented at fair value. The following table provides information for liabilities measured at fair value on a recurring basis using Level 3 inputs:

| | June 30, 2023 | December 31, 2022 |
|---------------------------------------|---------------------|---------------------|
| Contingent Consideration: | | |
| Current | \$ 313,853 | \$ 322,385 |
| Non-current | 3,670,252 | 3,309,175 |
| Total Contingent Consideration | \$ 3,984,105 | \$ 3,631,560 |

The Company initially values contingent consideration related to business combinations using a probability-weighted calculation of potential payment scenarios discounted at rates reflective of the risks associated with the expected future cash flows for certain milestones. Key assumptions used to estimate the fair value of contingent consideration include projected financial information, market data and the probability and timing of achieving the specific milestones. After the initial valuation, the Company generally uses its best estimate to measure contingent consideration at each subsequent reporting period using the following unobservable Level 3 inputs:

| | Valuation Technique | Unobservable Inputs | June 30, 2023 | December 31, 2022 |
|----------|----------------------|------------------------------------|---------------|-------------------|
| | Discounted cash flow | Payment discount rate | 12.8 % | 14.7 % |
| Bayon | | Payment period | 2023 - 2028 | 2023 - 2028 |
| Panoptes | | Payment period | 2024 - 2028 | 2024 - 2028 |
| Jade | | Payment period | 2026 | 2026 |
| Bayon | | Probability of success for payment | 17% - 67% | 17% - 67% |
| Panoptes | | Probability of success for payment | 17% - 36% | 17% - 36% |
| Jade | | Probability of success for payment | 56 % | 56 % |

Significant changes in these assumptions could result in a significantly higher or lower fair value. The contingent consideration reported in the above table is adjusted quarterly based upon the passage of time or the anticipated success or failure of achieving certain milestones. The change in fair value of contingent consideration of \$0.4 million for the six months ended June 30, 2023, was primarily driven by a decreased

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

discount rate. The change in fair value of contingent consideration of \$0.3 million for the six months ended June 30, 2022 was primarily driven by changes in estimated probabilities of success related to the orphan drug status designation of the Bayon drug candidate which occurred in March 2022. The change in fair value of contingent consideration is recorded within operating expenses on the accompanying condensed consolidated statements of operation and comprehensive loss.

4. Capital Stock

In connection with the Company's acquisition of Panoptes Pharma GmbH ("Panoptes") in December 2020, on June 18, 2022, the Company issued an aggregate of 10,086 shares of common stock to former shareholders of Panoptes, which had been held back for a period of eighteen months following the closing of the Panoptes acquisition to satisfy post-closing adjustment and indemnification obligations pursuant to the terms of the Share Purchase Agreement between the Company and the former shareholders of Panoptes.

On July 22, 2022, the Company entered into an underwriting agreement to issue and sell stock and warrants in a public offering. On July 25, 2022, the underwriter fully exercised the over-allotment option granted by the Company to purchase stock and warrants. On July 26, 2022, the public offering closed, and the Company issued and sold (i) 592,392 shares of common stock (including 98,138 shares of common stock sold pursuant to the exercise of the over-allotment option), (ii) 1,280 shares of Series E Convertible Preferred Stock convertible into up to 160,000 shares of common stock, (iii) 30,095,697 Class A Warrants (including 3,925,525 Class A Warrants sold pursuant to the exercise of the over-allotment option), and (iv) 30,095,697 Class B Warrants (including 3,925,525 Class B Warrants sold pursuant to the exercise of the over-allotment option). Upon exercise, the warrants will convert on a 40 for 1 basis into a total of 1,504,785 common shares. The public offering price of \$8.00 per share of common stock, Class A Warrant and Class B Warrant or \$1,000 per share of Series E Convertible Preferred Stock, 5,000 Class A Warrants and 5,000 Class B Warrants resulted in net proceeds to the Company of approximately \$5.3 million net of underwriting discount and commissions of \$0.4 million and expense of \$0.3 million.

Each warrant is exercisable at a price per share of common stock of \$8.00. The Class A Warrants will expire on September 23, 2023 and the Class B Warrants will expire on September 23, 2027. The exercise prices of the warrants are subject to appropriate adjustment in the event of recapitalization events, stock dividends, stock splits, stock combinations, reclassifications, reorganizations or similar events affecting the Company's common stock.

During August 2022, all holders of the Series E Preferred Shares issued in the July 2022 public offering elected to convert their Series E Preferred Shares into 160,000 shares of common stock.

On November 17, 2022, the Company entered into warrant exercise inducement offer letters with some of the Class A Warrant holders who agreed to exercise for cash all of their Class A Warrants to purchase 654,609 shares of common stock originally issued in the July 2022 public offering in exchange for the Company's agreement to issue new warrants (the "Inducement Warrants") on substantially the same terms as the Class A Warrants to purchase up to 654,609 shares of common stock. Each Inducement Warrant is exercisable at a price per share of common stock of \$5.97. Each Inducement Warrant became initially exercisable six months following its date of issuance, and will expire on the eighteen month anniversary of their initial exercise date. The Company received aggregate gross proceeds of approximately \$3.1 million from the exercise of the Class A Warrants by the selling stockholders and the sale of the Inducement Warrants. The Company paid its placement agent in connection with the inducement transactions a fee equal to 8% of gross proceeds from the exercise of the Class A Warrants.

On February 3, 2023, the Company completed a private placement with Lincoln Park Capital, LLC ("Lincoln Park") for 52,798 shares of common stock and warrants to purchase up to 105,596 shares of common stock. The total net proceeds from the private placement were approximately \$0.1 million. The warrants have an exercise price of \$3.538 per share, subject to adjustments as provided under the terms of the warrants, and will be exercisable on the six-month anniversary of the closing date. The warrants are exercisable for five years from the issuance date.

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

On February 3, 2023, the Company also entered into a purchase agreement with Lincoln Park, pursuant to which Lincoln Park has agreed to purchase from the Company up to an aggregate of \$10.0 million of common stock (subject to certain limitations), from time to time and at the Company's sole discretion over the term of the purchase agreement. On February 22, 2023, the Company completed its first issuance under this agreement for a total of 20,000 shares sold to Lincoln Park for proceeds of \$0.1 million. In April 2023, the Company completed additional issuances for a total of 105,000 shares sold to Lincoln Park for proceeds of \$0.3 million.

On March 30, 2023, the Company entered into an underwriting agreement to issue and sell stock and warrants in a public offering. On June 6, 2023, the underwriter fully exercised the over-allotment option granted by the Company to purchase stock and warrants. On June 6, 2023, the public offering closed, and the Company issued and sold (i) 2,197,628 shares of common stock (including 750,000 shares of common stock sold pursuant to the exercise of the over-allotment option), (ii) 3,908 shares of Series F Convertible Preferred Stock convertible into up to 3,552,372 shares of common stock, (iii) 5,750,000 Class C Warrants (including 750,000 Class C Warrants sold pursuant to the exercise of the over-allotment option), and (iv) 5,750,000 Class D Warrants (including 750,000 Class D Warrants sold pursuant to the exercise of the over-allotment option). The public offering price of \$1.10 per share of common stock, Class C Warrant and Class D Warrant, and \$999.90 per share of Series F Convertible Preferred Stock, 909 Class C Warrants and 909 Class D Warrants, resulted in net proceeds to the Company of approximately \$5.6 million net of underwriting discount and commissions of \$0.5 million and other expenses of \$0.2 million.

Each Warrant is exercisable at a price per share of common stock of \$1.10. The Class C Warrants will expire on June 6, 2028 and the Class D Warrants will expire on June 6, 2024. The exercise prices of the warrants are subject to appropriate adjustment in the event of recapitalization events, stock dividends, stock splits, stock combinations, reclassifications, reorganizations or similar events affecting the Company's common stock. In addition, on August 5th, the 60th calendar day immediately following the initial exercise day, the exercise price of the warrants will be reduced to the lesser of (i) the exercise price then in effect and (ii) 90% of the average of the volume weighted average price of the Company's common stock for the five (5) trading day period immediately prior to the reset date.

During June 2023, 2,958 shares of Series F Convertible Preferred Stock were converted into 2,688,822 shares of common stock.

5. Warrants

The following is a summary of warrant activity for the Company's equity-classified warrants for the six months ended June 30, 2023 and 2022:

| | Number of Common Shares Issuable Upon Exercise of Outstanding Warrants | Weighted Average Exercise Price | Weighted Average Remaining Term in Years |
|----------------------------------|---|---------------------------------------|--|
| Outstanding at December 31, 2022 | 1,597,606 | \$ 21.22 | 3.07 |
| Issued | 11,605,596 | \$ 1.12 | 2.61 |
| Exercised | (50,000) | \$ 5.97 | |
| Expired | (39,719) | \$ 192.00 | |
| Outstanding at June 30, 2023 | <u>13,113,483</u> | \$ 2.97 | 2.95 |
| Outstanding at December 31, 2021 | 168,932 | \$ 199.65 | 3.42 |
| Expired | (11,112) | \$ 900.00 | |
| Outstanding at June 30, 2022 | <u>157,820</u> | \$ 150.40 | 3.14 |

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

6. Net Loss per Share - Basic and Diluted

Basic and diluted net loss per share is computed by dividing net loss available to common shareholders by the weighted-average number of common shares outstanding for the time period, which for basic net loss per share, does not include the weighted-average unvested restricted common stock that has been issued and is subject to forfeiture totaling 0 shares for the three months ended June 30, 2023 and 2022, and 40,550 and 0 for the six months ended June 30, 2023 and 2022, respectively.

Dilutive common equivalent shares consist of stock options, warrants, and preferred stock and are calculated using the treasury stock method, which assumes the repurchase of common shares at the average market price during the period. Under the treasury stock method, options and warrants will have a dilutive effect when the average price of common stock during the period exceeds the exercise price of options or warrants. Common equivalent shares do not qualify as participating securities. In periods where the Company records a net loss unvested restricted common stock and potential common stock equivalents are not included in the calculation of diluted net loss per share as their effect would be anti-dilutive. The following is a summary of potential common shares excluded from the calculation of net loss per share as of June 30:

| | 2023 | 2022 |
|---|-------------------|----------------|
| Common Stock Warrants | 13,113,483 | 157,820 |
| Employee Stock Options | 211,126 | 13,088 |
| Restricted Stock | 67,250 | 2 |
| Preferred Stock | 863,602 | 52 |
| Common Stock Reserved for Future Issuance | 15,118 | — |
| Total Shares of Common Stock Issuable | <u>14,270,579</u> | <u>170,962</u> |

7. Stock-Based Compensation

Equity Incentive Plans

In 2005, the Company approved the 2005 Equity Incentive Plan (the “2005 Plan”). The 2005 Plan provides for the granting of stock options (incentive and nonqualified), restricted stock or other stock-based awards to employees, officers, directors, consultants, and advisors. During 2010, the maximum number of shares of Common Stock that may be issued pursuant to the 2005 Plan was increased to 59,414 shares. The Board of Directors (the “Board”) is responsible for administration of the 2005 Plan. The Company’s Board determines the term of each option, the option exercise price, the number of shares for which each option is granted and the rate at which each option is exercisable. Incentive stock options may be granted to any officer or employee at an exercise price per share of not less than the fair value per common share on the date of the grant (not less than 110% of fair value in the case of holders of more than 10% of the Company’s voting stock) and with a term not to exceed ten years from the date of the grant (five years for incentive stock options granted to holders of more than 10% of the Company’s voting stock). Nonqualified stock options may be granted to any officer, employee, consultant, or director at an exercise price per share of not less than the par value per share. Following adoption of the 2014 Equity Incentive Plan (the “2014 Plan”), no further grants were made under the 2005 Plan. General terms of the 2014 Plan remain the same as that of the 2005 plan.

The Company’s Board adopted the 2014 Plan and the Employee Stock Purchase Plan (the “ESPP”), and the Company’s Stockholders approved the 2014 Plan and the ESPP Plan in February 2015. In January 2023, the number of shares of common stock issuable under the 2014 Plan automatically increased by 76,632 shares pursuant to the terms of the 2014 Plan. As of June 30, 2023, the maximum number of shares of Common Stock that may be issued pursuant to the 2014 Plan was 297,363 of which 14,927 shares were available for awards.

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

Stock-based compensation expense is presented in the same expense line items as cash compensation earned and for the three and six months ended June 30 is as follows:

| | Three months ended June 30 | | Six months ended June 30 | |
|---|----------------------------|------------------|--------------------------|-------------------|
| | 2023 | 2022 | 2023 | 2022 |
| Research and Development | \$ 66,226 | \$ 26,540 | \$ 130,913 | \$ 59,160 |
| General and Administrative | 105,569 | 44,714 | 176,823 | 228,015 |
| Total Stock-Based Compensation Expense | \$ 171,795 | \$ 71,254 | \$ 307,736 | \$ 287,175 |

Stock Options

The Company grants time-based stock options which generally vest one-third of the underlying shares on the one-year anniversary of the grant date and the remainder ratably over a 24-month period. The fair value of time-based stock options is determined using the Black-Scholes Option Pricing Model, with such value recognized as expense over the service period, which is typically three years, net of actual forfeitures. A summary of the Company's assumptions used in determining the fair value of the stock options granted during the six months ended June 30, 2023 and 2022 is shown in the following table.

| | Six months ended June 30 | |
|---------------------------------|--------------------------|--------|
| | 2023 | 2022 |
| Risk-Free Interest Rate | 4.24 % | 2.42 % |
| Expected Life (years) | 5.00 | 5.00 |
| Expected Stock Price Volatility | 142 % | 140 % |
| Expected Dividend Yield | — % | — % |

The weighted average grant date fair value of options granted during the six months ended June 30, 2023 and 2022 was \$3.26 and \$27.08, respectively. The expected term of the options granted is calculated in accordance with the simplified method, whereby for service-based awards the expected life is calculated as a midpoint between the vest and expiry period. The Company uses the simplified method as there is not a sufficient history of share option exercises. Expected volatility is based on the historical volatility of the Company's common stock. The risk-free interest rate is determined based upon a constant U.S. Treasury security rate with a contractual life that approximates the expected term of the option. Unamortized compensation expense related to the options amounted to \$0.9 million as of June 30, 2023 and is expected to be recognized over a weighted average period of approximately 2.02 years.

Following is a summary of stock option activity for the six months ended June 30, 2023:

| | Number of Options | Weighted Average Exercise Price | Weighted Average Remaining Term in Years |
|---|-------------------|---------------------------------|--|
| Outstanding at December 31, 2022 | 84,722 | \$ 36.90 | 9.59 |
| Granted | 135,900 | \$ 3.62 | |
| Expired | (44) | \$ 295.00 | |
| Forfeited | (9,452) | \$ 7.93 | |
| Outstanding at June 30, 2023 | 211,126 | \$ 16.72 | 9.45 |
| Exercisable and vested at June 30, 2023 | 8,275 | \$ 285.03 | 7.08 |

The stock options outstanding and exercisable as of June 30, 2023 had no aggregate intrinsic value. The aggregate intrinsic value is calculated as the difference between the exercise price of the underlying options

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

and the market price of the Company's common stock for options that had exercise prices lower than \$0.64, the closing price of the Company's stock on June 30, 2023.

Restricted Stock Awards

Restricted stock compensation expense is recognized over the vesting period, which is typically one-third of the underlying shares on the one-year anniversary of the grant date and the remainder ratably over a 24-month period. Unamortized compensation expense related to the restricted stock awards amounted to \$0.3 million as of June 30, 2023 and is expected to be recognized over a weighted average period of approximately 2.50 years. The following is a summary of restricted stock activity for the six months ended June 30, 2023:

| | Number of Units | Weighted Average Grant Date Fair Value | Weighted Average Remaining Term in Years |
|---|--------------------|---|--|
| Non-vested Outstanding at December 31, 2022 | 30,000 | \$ 6.78 | 2.79 |
| Awarded | 40,550 | \$ 3.83 | |
| Forfeited | (3,300) | \$ 3.83 | |
| Non-vested Outstanding at June 30, 2023 | 67,250 | \$ 5.15 | 2.50 |

Employee Stock Purchase Plan

The Company has a non-qualified Employee Stock Purchase Plan ("ESPP"), which provides for the issuance of shares of the Company's common stock to eligible employees of the Company that elect to participate in the plan and purchase shares of common stock through payroll deductions at a discounted price. Six month offering periods are made at the Board's discretion. The ESPP provides for 284 aggregate shares of the Company's common stock for participants to purchase. As of June 30, 2023 and 2022, the remaining shares reserved for future offerings was 191.

8. Commitments and Contingencies

Leases

The Company leases its office facilities as well as other property under operating leases. In February 2022, the Company entered a lease for an office facility in Encinitas, California and took possession of the space May 1, 2022. The Company recorded a right-of-use asset and lease liability upon lease commencement in May 2022. On May 16, 2022, a nominal short-term lease commenced in Australia. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise the option. The remaining lease terms range from less than 2 months to 5 months. The Company's Waltham, Massachusetts lease ended March 31, 2022.

Total operating lease cost for the three months ended June 30, 2023 and 2022 was \$40,654 and \$25,530, respectively. Total operating costs for the six months ended June 30, 2023 and 2022 was \$70,654 and \$80,530, respectively. Operating lease costs include a nominal short-term and variable lease cost.

Future annual minimum lease payments under non-cancellable operating leases as of June 30, 2023 are as follows:

| | |
|------------------------------------|-----------|
| Years Ending December 31, | |
| 2023 (remaining months) | \$ 39,185 |
| Total Lease Liabilities | 39,185 |
| Less Amounts Representing Interest | (176) |
| Total | 39,009 |
| Less Current Portion | (39,009) |
| | \$ — |

License and Exclusive Rights Agreements

The Company is a party to seven license agreements as described below. These license agreements require the Company to pay or receive royalties or fees to or from the counterparties based on revenue or milestones related to the licensed technology.

On July 2, 2013, the Company (through its subsidiary, Kiora Pharmaceuticals, GmbH) entered into a patent and know-how assignment agreement with 4SC Discovery GmbH ("4SC") transferring to the Company all patent rights and know-how to the compound KIO-101. The Company is responsible for paying royalties of 3.25% on net sales of KIO-101.

On July 2, 2013, the Company (through its subsidiary, Kiora Pharmaceuticals, GmbH) entered into an out-license agreement with 4SC granting 4SC the exclusive worldwide right to commercialize the compound KIO-101 for rheumatoid arthritis and inflammatory bowel disease, including Crohn's Disease and Ulcerative Colitis. The Company is eligible to receive milestone payments totaling up to €155 million, upon and subject to the achievement of certain specified developmental and commercial milestones. The Company has not received any milestones payments from 4SC. In addition, the Company is eligible to receive royalties of 3.25% on net sales of KIO-101.

On September 12, 2013, the Company (through its subsidiary, Jade Therapeutics, Inc.) entered into an agreement with Lineage Cell Therapeutics, Inc. ("Lineage"), formerly known as BioTime, Inc. granting to the Company the exclusive worldwide right to commercialize cross-linked thiolated carboxymethyl hyaluronic acid ("modified HA") for ophthalmic treatments in humans. The agreement requires the Company to pay an annual fee of \$30,000 and a royalty of 6% on net sales of KIO-201 to Lineage based on revenue relating to any product incorporating the modified HA technology. The agreement expires when patent protection for the modified HA technology lapses in August 2027.

On November 17, 2014, the Company (through its subsidiary Kiora Pharmaceuticals GmbH) entered into an intellectual property and know-how licensing agreement with Laboratoires Leurquin Mediolanum S.A.S. ("Mediolanum") for the commercialization of KIO-101 (the "Mediolanum Agreement") in specific territories. Under the Mediolanum agreement, the Company out-licensed rights to commercialize KIO-101 for uveitis, dry eye and viral conjunctivitis in Italy, and France. This Agreement was amended on December 10, 2015 to also include Belgium and Netherlands. Under the Mediolanum Agreement, Mediolanum is obligated to pay up to approximately €20 million in development and commercial milestones and a 7% royalty on net sales of KIO-101 in the territories through the longer of the expiry of the valid patents covering KIO-101 or 10 years from the first commercial sale. The royalty is reduced to 5% after patent expiry.

On September 26, 2018, the Company entered into an intellectual property licensing agreement (the "SentrX Agreement") with SentrX, a veterinary medical device company that develops and manufactures veterinary wound care products. Under the SentrX Agreement, the Company in-licensed the rights to trade secrets and know-how related to the manufacturing of KIO-201. The SentrX Agreement enables the Company to pursue a different vendor with a larger capacity for manufacturing and an FDA-inspected facility for commercialization of a product for human use. Under the SentrX Agreement, SentrX is eligible to receive milestone payments totaling

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

up to \$4.75 million, upon and subject to the achievement of certain specified developmental and commercial milestones. On June 7, 2023, the Company entered into an amendment agreement (the "Sentrx First Amendment") whereby Sentrx removed the Company's obligation to make any further payments, milestone or otherwise. The term of the amendment agreement remains unchanged, which is until the product is no longer in the commercial marketplace. In addition, on June 7, 2023, the Company entered into a new exclusive license agreement (the "New Sentrx Agreement") with Sentrx, whereby the Company out-licensed certain KIO-201 patents for use in animal health and veterinary medicine. Under the New Sentrx Agreement, Sentrx is obligated to pay the Company a flat low single-digit royalty on net sales, and is effective until the last licensed patent terminates.

On May 1, 2020, the Company (through its subsidiary, Bayon Therapeutics, Inc.) entered into an agreement with the University of California ("UC") granting to the Company the exclusive rights to its pipeline of photoswitch molecules. The agreement requires the Company to pay an annual fee to UC of \$5,000, as well as payments to UC upon the achievement of certain development milestone and royalties based on revenue relating to any product incorporating KIO-301. The Company is obligated to pay royalties on net sales of two percent (2%) of the first \$250 million of net sales, one and a quarter percent (1.25%) of net sales between \$250 million and \$500 million, and one half of one percent (0.5%) of net sales over \$500 million. The agreement expires on the date of the last-to-expire patent included in the licensed patent portfolio which is January 2030.

On May 1, 2020, the Company (through our subsidiary, Bayon Therapeutics, Inc.) entered into an agreement with Photoswitch Therapeutics, Inc. ("Photoswitch") granting to the Company access to certain patent applications and IP rights with last-to-expire patent terms of January 2030. The agreement calls for payments to Photoswitch upon the achievement of certain development milestones and upon first commercial sale of the product.

Contingent Consideration

The purchase price of various acquisitions in prior periods included contingent consideration, which consisted of various cash earn-out payments upon the achievement of certain milestones. Below are the maximum obligation payments per the respective agreements and estimated fair value of contingent consideration payments remaining as of June 30, 2023.

| | Maximum Obligation per Agreements | Current Fair Value Estimated |
|----------|--------------------------------------|---------------------------------|
| Bayon | \$ 7,135,000 | \$ 1,237,524 |
| Panoptes | 9,500,000 | 1,925,592 |
| Jade | 2,164,451 | 836,648 |
| | <u>\$ 18,799,451</u> | <u>\$ 3,999,764</u> |

Other

In the normal course of business, the Company periodically becomes involved in various claims and lawsuits, as well as governmental proceedings and investigations that are incidental to the business. The Company accrues a liability when a loss is considered probable and the amount can be reasonably estimated. When a material loss contingency is reasonably possible but not probable, the Company does not record a liability, but instead discloses the nature and amount of the claim, and an estimate of the possible loss or range of loss, if such an estimate can be made. Legal fees are expensed as incurred. With respect to governmental proceedings and investigations, like other companies in the industry, the Company is subject to extensive regulation by national, state and local governmental agencies in the U.S. and in other jurisdictions in which the Company and its affiliates operate. As a result, interaction with governmental agencies is ongoing. The Company's standard practice is to cooperate with regulators and investigators in responding to inquiries.

KIORA PHARMACEUTICALS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)
June 30, 2023

The Company currently maintains insurance for risks associated with the operation of its business, provision of professional services and ownership of property. These policies provide coverage for a variety of potential losses, including loss or damage to property, bodily injury, general commercial liability, professional errors and omissions and medical malpractice.

On August 16, 2022, the Inflation Reduction Act of 2022 was signed into law. As guidance is released the Company is continually evaluating the impact of the recently enacted law. However, the Company does not expect the impact to be material to its accompanying condensed consolidated financial statements.

9. Subsequent Events

On July 21, 2023, the Company entered into a Memorandum of Understanding with the Choroideremia Research Foundation ("CRF") to support strategic development of KIO-301 in Choroideremia ("CHM"). CHM is a rare, inherited retinal disease that causes blindness. This collaboration will accelerate the Company's development of KIO-301, a small molecule designed to restore vision in patients with later-stage retinal degeneration. Under the collaboration, CRF will assist the Company with access to clinical and scientific thought leaders to assist in further development of KIO-301 for CHM. They will also provide aid in enrollment of patients for any future trials of KIO-301 for CHM.

In July 2023, 370 shares of Series F Convertible Preferred Stock were converted into 336,330 shares of common stock.

On August 5, 2023, the Class C and Class D warrants exercise price reset to \$0.5231 per share pursuant to the reset provision which stated that the warrants would be reduced to the lesser of (i) the exercise price then in effect and (ii) 90% of the average of the volume weighted average price of the Company's common stock for the five (5) trading day period immediately prior to the reset date.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following section of this Quarterly Report on Form 10-Q entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" contains statements that are not statements of historical fact and are forward-looking statements within the meaning of federal securities laws. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These statements reflect our current views with respect to future events and are based on assumptions and subject to risks and uncertainties. Factors that may cause our actual results to differ materially from those in the forward-looking statements include those factors described in "Item 1A. Risk Factors" beginning on page 23 of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission on March 23, 2023. You should carefully review all of these factors, as well as the comprehensive discussion of forward-looking statements on page 1 of this Quarterly Report on Form 10-Q.

Kiora Pharmaceuticals, Inc. is referred to herein as "Kiora", "we," "our," "us," and "the Company".

Executive Summary

We are a specialty clinical-stage pharmaceutical company developing and commercializing products for the treatment of orphan retinal diseases.

Our lead product is KIO-301 with an initial focus on patients with later stages of disease progression due to Retinitis Pigmentosa (any and all sub-forms). KIO-301 is a potential vision-restoring small molecule that acts as a "photoswitch" specifically designed to restore vision in patients with inherited and age-related degenerative retinal diseases. The molecule is specifically designed to restore the eyes' ability to perceive and interpret light in visually impaired patients. It selectively enters viable downstream retinal ganglion cells (no longer receiving electrical input due to degenerated rods and cones) and is intended to turn them into light sensing cells, capable of signaling the brain as to the presence or absence of light. On March 17, 2022, we were granted Orphan Drug Designation by the United States ("U.S.") Food and Drug Administration ("FDA") for the Active Pharmaceutical Ingredient ("API") in KIO-301. KIO-301 (formerly known as B-203) was acquired through the Bayon transaction which closed October 21, 2021. We have initiated a Phase 1b clinical trial in the third quarter of 2022.

Based on initial results of the Phase 1b trial, we plan to expand development of KIO-301 to treat patients with late stages of Choroideremia and Stargardt's Disease. These diseases have a similar underlying late-stage pathology of retinitis pigmentosa, hence the mechanism of action of KIO-301 could potentially provide a similar benefit to these patients.

We are also planning to develop KIO-104 for the treatment of Posterior Non-Infectious Uveitis, a rare T cell-mediated, intraocular inflammatory disease. KIO-104, which uses the same active compound in KIO-101, but formulated for intravitreal delivery, is ideally suited to suppress overactive T-cell activity to treat the underlying condition. KIO-101 is an ophthalmic topical eyedrop formulation of a novel and potent inhibitor of dihydroorotate dehydrogenase (DHODH). Data from a previous Phase 1b/2a study, reported in October 2022, showed that a single injection of KIO-104 decreased intraocular inflammation and improved visual acuity significantly for the duration of the study. Further, there is evidence of reduced Cystoid Macular Edema from baseline.

Throughout our history, we have not generated significant revenue. We have never been profitable and from inception through June 30, 2023, our losses from operations have aggregated \$138.9 million. Our net loss was \$4.5 million and \$6.0 million for the six months ended June 30, 2023 and 2022, respectively. We expect to incur significant expenses and increasing operating losses for the foreseeable future as we continue the development and clinical trials of and seek regulatory approval for our product candidates. If we obtain regulatory approval for our product candidates, we expect to incur significant expenses in order to create an infrastructure to support their commercialization including sales, marketing, and distribution functions.

We will need additional financing to support our continuing operations. We will seek to fund our operations through public or private equity, debt financings, license and development agreements, or other sources, which may include collaborations with third parties. Adequate additional financing may not be available to us on acceptable terms, or at all. Our failure to raise capital as and when needed would have a negative impact on our financial condition and our ability to pursue our business strategy. These conditions raise substantial doubt

about our ability to continue as a going concern. We will need to generate significant revenue to achieve profitability, and we may never do so.

Recent Developments

None noted.

New Components of Results of Operations

None noted.

New Critical Accounting Estimates

Note noted.

Results of Operations

Comparison of Three Months ended June 30, 2023 and 2022

The following table summarizes the results of our operations for the three months ended June 30, 2022 and 2023:

| | 2023 | 2022 | Change |
|--|-----------------------|-----------------------|---------------------|
| Operating Expenses: | | | |
| General and Administrative | \$ 1,097,294 | \$ 1,801,878 | \$ (704,584) |
| Research and Development | 1,392,099 | 567,227 | 824,872 |
| Change in Fair Value of Contingent Consideration | 143,619 | 32,943 | 110,676 |
| Total Operating Expenses | 2,633,012 | 2,402,048 | 230,964 |
| Other Income, Net | 19,199 | 1,237 | 17,962 |
| Net Loss | <u>\$ (2,613,813)</u> | <u>\$ (2,400,811)</u> | <u>\$ (213,002)</u> |

General and Administrative Expenses. The decrease of \$0.7 million was primarily due to a decrease in professional fees of \$0.8 million for consultants used in 2022 for interim accounting services during the transition of accounting staff and legal fees related to the acquisition of Bayon, partially offset by an increase in salaries of \$0.1 million related to restaffing the internal accounting team.

Research and Development Expenses. The increase of \$0.8 million was primarily due to an increase of \$0.3 million related to clinical trial activity for KIO-301 and \$0.2 million related to clinical trial expenses for KIO-101. Additionally, preclinical and CMC costs increased by approximately \$0.1 million related to KIO-100 and KIO-101 activities. Lastly, salaries and personnel costs increased by approximately \$0.2 million driven primarily by non-executive severance expenses related to staffing changes in the clinical team.

Change in Fair Value of Contingent Consideration. The increase of \$110.7 thousand was primarily due to a change in the probability of success related to a new indication that was added for KIO-201 (PCED) which increased the probability of success for the Jade milestone payment.

Other Income, Net. The increase of \$18.0 thousand was primarily due increased net interest income of approximately \$29.3 thousand partially offset by a decrease of \$17.7 thousand in other non-operating expenses.

Comparison of Six Months ended June 30, 2023 and 2022

The following table summarizes the results of our operations for the six months ended June 30, 2022 and 2023:

| | 2023 | 2022 | Change |
|--|----------------|----------------|----------------|
| Operating Expenses: | | | |
| General and Administrative | \$ 2,366,752 | \$ 3,466,669 | \$ (1,099,917) |
| Research and Development | 1,830,382 | 1,275,155 | 555,227 |
| Executive Severance | — | 962,833 | (962,833) |
| Change in Fair Value of Contingent Consideration | 352,545 | 266,833 | 85,712 |
| Total Operating Expenses | 4,549,679 | 5,971,490 | (1,421,811) |
| Other Income, Net | 67,330 | 5,665 | 61,665 |
| Net Loss | \$ (4,482,349) | \$ (5,965,825) | \$ 1,483,476 |

General and Administrative Expenses. The decrease of \$1.1 million was primarily due to a decrease in professional fees of \$0.9 million for consultants used in 2022 for interim accounting services during the transition of accounting staff and related to the acquisition of Bayon. Additionally, other corporate expenses decreased by \$0.1 million related to scientific advisory fees and facilities and IT decreased by \$0.1 million related to the allocation of expenses to R&D.

Research and Development Expenses. The increase of \$0.6 million was primarily due to increases of \$0.6 million in clinical expenses related to KIO-301 and KIO-101 clinical trial activities and \$0.2 million in salaries and personnel costs resulting from non-executive severance expenses related to staffing changes in the clinical team. Additionally, other corporate expenses increased by approximately \$0.2 million primarily related to scientific advisory fees and an increase of \$0.1 million in facilities and IT related to allocated R&D expenses which were previously unallocated and included entirely in general and administrative expenses. These increases were partially offset by an increase in the R&D expense tax credit of approximately \$0.6 million.

Executive Severance. The decrease of \$1.0 million was due to severance pay expensed at the time of termination in March 2022, but paid over the 18 month term of the agreement.

Change in Fair Value of Contingent Consideration. The increase of \$0.1 million was primarily due to a change in the probability of success related to a new indication that was added for KIO-201 (PCED) which increased the probability of success for the Jade milestone payment.

Other Income, Net. The increase of \$61.7 thousand was primarily due to realized gains on foreign currency transactions of \$21.2 thousand, and increased net interest income of approximately \$26.5 thousand, partially offset by a decrease of \$4.0 thousand from the gain on asset disposal that was realized in March 2022.

Liquidity and Capital Resources

Our principal liquidity needs have historically been for acquisitions, working capital, research and development, and capital expenditures. We expect these needs to continue as we develop and work toward commercialization of new products. We will need additional financing to support our continuing operations. We will seek to fund our operations through public or private equity, debt financings, license and development agreements, or other sources, which may include collaborations with third parties.

If we raise additional funds by issuing equity securities or convertible debt, our stockholders will experience dilution. Debt financing, if available, would result in increased fixed payment obligations and may involve agreements that include covenants limiting or restricting our ability to take specific actions, such as incurring additional debt, or making capital expenditures. If we raise additional funds through collaboration and licensing arrangements with third parties, it may be necessary to relinquish valuable rights to our products, future revenue streams or product candidates, or to grant licenses on terms that may not be favorable to us. Although historically we have been successful at raising capital, most recently raising net proceeds of approximately \$5.6 million in a public offering that closed on June 6, 2023, and have approximately \$9.6 million available from an equity line of credit (subject to certain limitations), additional capital may not be available on terms favorable to

us, if at all. We do not know if any future offerings will succeed. Our failure to raise capital as and when needed would have a negative impact on our financial condition and our ability to pursue our business strategy. These conditions raise substantial doubt about our ability to continue as a going concern. We will need to generate significant revenue to achieve profitability, and we may never do so.

Information Regarding Cash Flows

As of June 30, 2023, we had unrestricted cash and cash equivalents totaling \$8.0 million and restricted cash totaling \$4.2 thousand for a total of \$8.0 million compared to \$6.0 million at December 31, 2022. The following table sets forth the primary uses of cash for the six months ended June 30,:

| | 2023 | 2022 |
|---|----------------|----------------|
| Net Cash Used in Operating Activities | \$ (4,454,513) | \$ (5,331,326) |
| Net Cash Provided by Investing Activities | \$ — | \$ 6,375 |
| Net Cash Provided by Financing Activities | \$ 6,452,487 | \$ — |

Operating Activities. Net cash used in operating activities increased \$0.9 million primarily due to research and development activities.

Investing Activities. The decrease in cash from investing activities is due to a sale of an asset in 2022.

Financing Activities. The increase in cash from financing activities is due to receiving net proceeds of approximately \$0.4 million from equity line of credit share purchases and \$5.6 million from a public offering that closed on June 6, 2023.

Funding Requirements and Other Liquidity Matters

Our product pipeline is still in various stages of preclinical and clinical development. We expect to continue to incur significant expenses and increasing operating losses for the foreseeable future. We anticipate that our expenses will increase substantially if and as we:

- seek marketing approval for our KIO-301 or KIO-104 products or any other products that we successfully develop;
- establish a sales and marketing infrastructure to commercialize our KIO-301 or KIO-104 products in the United States, if approved; and
- add operational, financial and management information systems and personnel, including personnel to support our product development and future commercialization efforts.

Until such time, if ever, as we can generate substantial product revenue, we expect to finance our cash needs through a combination of equity offerings, debt financings, collaborations, strategic alliances and licensing arrangements. We do not have any committed external source of funds. To the extent that we raise additional capital through the sale of equity or convertible debt securities, the ownership interest of our stockholders will be diluted, and the terms of these securities may include liquidation or other preferences that adversely affect the rights of holders of common stock. Debt financing, if available, may involve agreements that include covenants limiting or restricting our ability to take specific actions, such as incurring additional debt, making capital expenditures or declaring dividends. If we raise additional funds through collaborations, strategic alliances or licensing arrangements with pharmaceutical partners, we may have to relinquish valuable rights to our technologies, future revenue streams, research programs or product candidates, including our KIO-301, KIO-101, KIO-104 and KIO-201 products, on terms that may not be favorable to us. If we are unable to raise additional funds through equity or debt financings when needed, we may be required to delay, limit, reduce or terminate our product development or future commercialization efforts or grant rights to develop and market KIO-301 and KIO-104 products, or any other products that we would otherwise prefer to develop and market ourselves.

In June 2023, we raised net proceeds of approximately \$5.6 million in a public offering closed on June 6, 2023. Based on our cash on hand at June 30, 2023, we believe that we will have sufficient cash to fund planned operations into May 2024 with the ability to extend cash runway by drawing on the remaining \$9.6 million

available through the equity line of credit, subject to certain limitations on the timing and amount of shares that may be sold pursuant to that arrangement. However, the acceleration or reduction of cash outflows by management can significantly impact the timing for raising additional capital to complete development of its products. To continue development, we will need to raise additional capital through debt and/or equity financing, or access additional funding through grants. Although historically we have been successful at raising capital, additional capital may not be available on terms favorable to us, if at all. We do not know if any future offerings will succeed. Accordingly, no assurances can be given that management will be successful in these endeavors. Our recurring losses from operations have caused management to determine there is substantial doubt about our ability to continue as a going concern. Our Condensed Consolidated Financial Statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities or any other adjustments that might be necessary should we be unable to continue as a going concern.

Reverse Stock Split

On September 23, 2022, we filed a Certificate of Amendment to our Restated Certificate of Incorporation (the "Amendment") with the Secretary of State of the State of Delaware to effect a one-for-forty (1-for-40) reverse stock split of our outstanding common stock. The Amendment was approved by our stockholders at our 2022 Annual Meeting of Stockholders held on September 23, 2022, and by our board of directors and became effective on September 27, 2022.

The Amendment provided that, at the effective time of the Amendment, every forty (40) shares of our issued and outstanding common stock automatically combined into one issued and outstanding share of common stock, without any change in par value per share. The reverse stock split affected all shares of our common stock outstanding immediately prior to the effective time of the Amendment. As a result of the reverse stock split, proportionate adjustments were made to the per share exercise price and/or the number of shares issuable upon the exercise or vesting of all stock options, and restricted stock awards issued and outstanding immediately prior to the effective time of the Amendment, which resulted in a proportionate decrease in the number of shares of our common stock reserved for issuance upon exercise or vesting of such stock options, and restricted stock awards, and, in the case of stock options, a proportionate increase in the exercise price of all such stock options. In addition, the number of shares reserved for issuance under our equity compensation plans immediately prior to the effective time of the Amendment was reduced proportionately. The reverse stock split did not affect the number of shares of common stock authorized for issuance under our Restated Certificate of Incorporation, which remained at 50,000,000 shares.

No fractional shares were issued because of the reverse stock split. Stockholders of record who would otherwise have been entitled to receive a fractional share received a cash payment in lieu thereof. The reverse stock split affected all stockholders proportionately and did not affect any stockholder's percentage ownership of our common stock (except to the extent that the reverse stock split results in any stockholder owning only a fractional share). As a result of the reverse stock split, the number of our outstanding shares of common stock as of September 27, 2022 decreased from 43,163,123 (pre-split) shares to 1,079,045 (post-split) shares.

All share and per share amounts in the accompanying financial statements, related footnotes, and management's discussion and analysis have been adjusted retroactively to reflect the reverse stock split as if it had occurred at the beginning of the earliest period presented. Our common stock began trading on The Nasdaq Capital Market on a split-adjusted basis when the market opened on September 27, 2022.

Other

For information regarding Commitments and Contingencies, refer to Note 8. Commitments and Contingencies to the Notes to the Condensed Consolidated Financial Statements of Part 1, Item 1. Financial Statements of this Form 10-Q.

Critical Accounting Estimates

Our discussion of operating results is based upon the Unaudited Condensed Consolidated Financial Statements and accompanying notes. The preparation of these statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the

date of the financial statements and the reported amount of revenues and expenses during the reporting period. Our critical accounting estimates are detailed in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2022 and we have no material changes from such disclosures.

Recently Issued Accounting Pronouncements

Refer to Note 1. Business, Presentation and Recent Accounting Pronouncements, in the Notes to the Unaudited Condensed Consolidated Financial Statements of Part 1, Item 1. Financial Statements of this Form 10-Q for detailed information regarding the status of recently issued accounting pronouncements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

This Report includes the certifications of our Chief Executive Officer (who is our principal executive officer) and our Executive Vice President of Finance (who serves as our principal financial / accounting officer) required by Rule 13a-14 of the Exchange Act. See Exhibits 31.1 and 31.2. This Item 4 includes information concerning the controls and control evaluations referred to in those certifications.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Chief Executive Officer and Executive Vice President of Finance, to allow timely decisions regarding required disclosures.

In connection with the preparation of this Quarterly Report on the Form 10-Q, the Company's Management, under the supervision of, and with the participation of, our Chief Executive Officer and Executive Vice President of Finance, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2023. Our disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and our management necessarily was required to apply its judgment in evaluating and implementing our disclosure controls and procedures. Based upon the evaluation described above and material weaknesses identified in our Form 10-K as of December 31, 2022, our Chief Executive Officer and Executive Vice President of Finance have concluded that they believe that our disclosure controls and procedures were not effective as of the end of the period covered by this report and have made changes to address the material weaknesses identified.

Changes in Internal Control over Financial Accounting and Reporting

Our management, with the participation of the Chief Executive Officer and Executive Vice President of Finance, have evaluated whether any change in our internal control over financial accounting and reporting occurred during the three months ended June 30, 2023 and concluded that changes did occur. These changes were made to address the material weaknesses identified in the Form 10-K for the fiscal year ended December 31, 2022. We have identified and implemented and continue to implement, certain remediation efforts to improve the effectiveness of our internal control over financial reporting and disclosure controls and procedures. The following remediation efforts are underway:

- We have implemented a new accounting software platform and through that process have designed role-specific permissions ensuring that there are appropriate access controls by function. Additionally, we have designed automated system workflows for journal entry approval, new vendor creation and modification, and procurement related approvals for purchase orders and related invoices to ensure proper segregation of duties and appropriate evidence of approval.

- We have established and maintained accounting policies, procedures and controls to account for and disclose significant unusual transactions. Additionally, we engaged technical resources for technical advisory services and will continue to consult with technical resources to ensure that proper expertise is consulted as needed on complex accounting applications. This will be an ongoing area of remediation to ensure that significant transactions are appropriately analyzed and the accounting treatment is documented.
- Management is working toward a greater level of precision over the completeness and accuracy of information through the implementation of a new accounting software, as discussed above, which provides for greater automation related to previously manual tasks. Specifically, the new accounting software is being used to generate purchase orders for all material contracts and purchase commitments. The finance team is in the process of building reporting on all open contract commitments, which will be shared with management to verify the completeness and ensure accuracy of financial reporting.

While progress has been made to enhance our internal control over financial reporting, we are still in the process of implementing, documenting and testing these processes, procedures and controls. Additional time is required to complete implementation and to assess and ensure the effectiveness and sustainability of these procedures. We will continue to devote significant time and attention to these remedial efforts. However, the material weaknesses cannot be considered remediated until the applicable remedial controls operate for a sufficient period of time and management has concluded, through testing, that these controls are operating effectively.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

While we are not currently a party to any legal proceedings as of June 30, 2023, from time to time we may be a party to a variety of legal proceedings that arise in the normal course of our business.

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in Part I, “Item 1A. Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2022, each of which is incorporated herein by reference and which could materially affect our business, financial condition or future results. The risks described herein and in those filings are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. Except as set forth below, we do not believe that there have been any material changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2022.

We have received a notice from Nasdaq of non-compliance with its minimum bid price rules.

On July 18, 2023, we received a written notification (the “Notice Letter”) from Nasdaq indicating that we were not in compliance with Nasdaq Listing Rule 5550(a)(2), as the closing bid price for our common stock was below the \$1.00 per share requirement for the last 30 consecutive business days. The Notice Letter stated that we have 180 calendar days, or until January 15, 2024 (the “Initial Compliance Period”), to regain compliance with the minimum bid price requirement. To regain compliance with the minimum bid price requirement, the closing bid price of our common stock must be at least \$1.00 per share for a minimum of 10 consecutive trading days during this 180-day compliance period, unless the Nasdaq staff exercises its discretion to extend this period pursuant to Nasdaq Listing Rule 5810(c)(3)(H).

In the event that we do not regain compliance within the 180-day compliance period, we may be eligible for an additional 180 calendar day compliance period. To qualify, we would need to meet the continued listing requirement for market value of publicly held shares and all other initial listing standards for Nasdaq, with the exception of the minimum bid price requirement, and provide written notice to the Nasdaq staff of our intention to cure the deficiency during the second compliance period. However, if it appears to the Nasdaq staff that we will not be able to cure the deficiency, or if we do not meet the other listing standards, Nasdaq could provide notice that our common stock will become subject to delisting. In the event we receive notice that our common stock is being delisted, the Nasdaq Listing Rules permit us to appeal any such delisting determination by the Nasdaq staff to a Hearings Panel.

We intend to actively monitor the closing bid price of our common stock and are evaluating available options to regain compliance with the minimum bid price requirement. There can be no assurance that we will be able to regain compliance with the minimum bid price requirement or that we will otherwise remain in compliance with the other listing standards for The Nasdaq Capital Market. A delisting of our common stock would have an adverse effect on the market liquidity of our common stock and, as a result, the market price for our common stock could become more volatile. Further, a delisting also could make it more difficult for us to raise additional capital.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Unregistered Sales of Equity Securities

On February 3, 2023, we entered into the Purchase Agreement with Lincoln Park Capital, LLC (“Lincoln Park”), pursuant to which we have the right to sell to Lincoln Park up to \$10.0 million in shares of common stock, subject to certain limitations, from time to time over the 36 month period commencing on the date that a registration statement covering the resale of the shares is declared effective by the SEC. During the quarter ended June 30, 2023, we sold 105,000 shares of common stock to Lincoln Park pursuant to the Purchase Agreement for aggregate gross proceeds of approximately \$0.4 million.

The offers, sales and issuances of the securities described in this Item 2 were deemed to be exempt from registration under the Securities Act in reliance on Section 4(a)(2) of the Securities Act and Rule 506

promulgated under Regulation D promulgated thereunder as transactions by an issuer not involving a public offering. The recipients of securities in each of these transactions acquired the securities for investment only and not with a view to or for sale in connection with any distribution thereof, and appropriate legends were affixed to the securities issued in these transactions.

Purchase of Equity Securities

We did not purchase any of our registered equity securities during the period covered by this Quarterly Report on Form 10-Q.

Item 3. Defaults Upon Senior Securities.

Not applicable.

Item 4. Mine Safety Disclosure.

Not applicable.

Item 5. Other Information.

During the three months ended June 30, 2023, no directors or officers adopted or terminated a “Rule 10b5-1 trading arrangement” or a “non-Rule 10b5-1 trading arrangement,” as each term is defined in Item 408(a) of Regulation S-K.

Item 6. Exhibits

The exhibits filed as part of this Quarterly Report on Form 10-Q are set forth on the Exhibit Index immediately preceding such exhibits and are incorporated herein by reference.

SIGNATURES

Pursuant to the requirements of Section 13 and 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

EXHIBIT INDEX

The following exhibits are filed as part of this Quarterly Report on Form 10-Q. Where such filing is made by incorporation by reference to a previously filed document, such document is identified.

| Exhibit Number | Description of Exhibit |
|----------------|--|
| 3.1 | Certificate of Designation of Preferences, Rights and Limitations of Series F Convertible Preferred Stock (incorporated by reference to Exhibit 3.1 of the Registrant's Current Report on Form 8-K filed with the SEC on June 6, 2023). |
| 4.1 | Form of Class C Warrant (incorporated by reference to Exhibit 4.12 of the Registrant's Amendment No. 2 to the Registration Statement on Form S-1 filed on June 1, 2023 (File No. 333-271699)). |
| 4.2 | Form of Class D Warrant (incorporated by reference to Exhibit 4.13 of the Registrant's Amendment No. 2 to the Registration Statement on Form S-1 filed on June 1, 2023 (File No. 333-271699)). |
| 4.3 | Warrant Agency Agreement, dated June 6, 2023, by and between the Registrant and VStock Transfer, LLC (incorporated by reference to Exhibit 4.3 of the Registrant's Current Report on Form 8-K filed with the SEC on June 6, 2023). |
| 10.1* | First Amendment to Intellectual Property License Agreement, dated June 12, 2023, between the Registrant and Sentrx Animal Care, Inc. (incorporated by reference to Exhibit 10.1 of the Registrant's Current Report on Form 8-K filed with the SEC on June 15, 2023). |
| 10.2* | Exclusive License Agreement, dated June 12, 2023, between the Registrant and Sentrx Animal Care, Inc. (incorporated by reference to Exhibit 10.2 of the Registrant's Current Report on Form 8-K filed with the SEC on June 15, 2023). |
| 31.1 | Certification of principal executive officer pursuant to Rules 13a-15(e) and 15d-15(e), as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. |
| 31.2 | Certification of principal financial and accounting officer pursuant to Rules 13a-15(e) and 15d-15(e), as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. |
| 32.1** | Certification of principal executive officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002. |
| 32.2** | Certification of principal financial and accounting officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002. |
| 101.INS | XBRL Instance Document (embedded within the Inline XBRL document) |
| 101.SCH | XBRL Taxonomy Extension Schema Document |
| 101.CAL | XBRL Taxonomy Extension Calculation Linkbase Document |
| 101.DEF | XBRL Taxonomy Extension Definition Linkbase Document |
| 101.LAB | XBRL Taxonomy Extension Labels Linkbase Document |
| 101.PRE | XBRL Taxonomy Extension Presentation Linkbase Document |
| 104 | Cover Page Interactive Data File (embedded within the Inline XBRL document) |

* Certain confidential portions of this exhibit were omitted pursuant to Item 601(b)(2)(ii) of Regulation S-K because the identified confidential portions (i) are not material and (ii) are customarily and actually treated as private or confidential by the Registrant.

** This certification shall not be deemed "filed" for purposes of Section 18 of the Exchange Act, or otherwise subject to the liability of that section, nor shall it be deemed to be incorporated by reference into any filing under the Securities Act.

Certification

I, Brian M. Strem, Ph.D., certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Kiora Pharmaceuticals, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF PERIODIC FINANCIAL REPORT
PURSUANT TO 18 U.S.C. SECTION 1350**

The undersigned officer of Kiora Pharmaceuticals, Inc. (the "Company") hereby certifies to his knowledge that the Company's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2023 (the "Report") to which this certification is being furnished as an exhibit, as filed with the Securities and Exchange Commission on the date hereof, fully complies with the requirements of Section 13(a) or 15(d), as applicable, of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and that the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company. This certification is provided solely pursuant to 18 U.S.C. Section 1350 and Item 601(b)(32) of Regulation S-K ("Item 601(b)(32)") promulgated under the Securities Act of 1933, as amended (the "Securities Act"), and the Exchange Act. In accordance with clause (ii) of Item 601(b)(32), this certification (A) shall not be deemed "filed" for purposes of Section 18 of the Exchange Act, or otherwise subject to the liability of that section, and (B) shall not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates it by reference.
